Offline diagnosis only - no calibration applied
Training motion: joints co-vary
Session 1
Session 2
Wrist (deg)
Elbow (deg)
Factory intrinsics, shared mount
Session 1
Session 2
Reused validation
Board origin z residual (mm)
Observation index
Bias fitting worsens inferred height
Session 1
Session 2
Board center height above support (mm)
Factory shared
Factory +bias
Radial2 shared
Radial2 +bias
